

BROKEN EARTH WINERY

Non Vintage Broken Earth *Ragpickers Dream*

RAGPICKERS DREAM - Our Ragpicker's Dream is made from four traditional Portuguese varietals: Touriga Nacional, Tinta Cao, Sousao & Tinta Roriz. It is a vintage-style Port, but as it is not made in Portugal we are not allowed to call it Port, hence the "Dessert Wine" Classification on the back label.

Reminiscent of port wines from the Douro Valley in northern Portugal, this wine is made from traditional Portuguese varieties. Ripe berries are perfectly balanced with a silky smooth finish. This port is sure to compliment a multitude of desserts; but is divine enough to be enjoyed on its own.
